Thoughts &c Ms.B.9.1 (5)

1. The chh. in this land is responsible for the continuance of slavery – She holds the key of abolition if she will but use it.

2. Colon.n virtually forces men away. e.g. Will it not amount to force to say to one of us, you may have your freedom on condition of going to Botany Bay

3. Slavery trammels all our benevo– –lent institutions – Bible – Foreign Miss – Home – Sabb. Schs. – Tract – Preach – Press

4. Objections to Colonization as propo– – unded & answered by Dr Hewitt at New Haven, at the meeting of the State Coloniz. Soc'y May 1834. (over)

(1) Its origin was with slaveholders – not so but with himself, Mills &c

(2) It is a violation of the natural rights of the Africans, which are born in this country to remove them to a land wh is not theirs – not so because they go with their own consent.

(3) It is cruel & barbarous to exile them from the native land – not so, bec. it is for their interests to go

(4) Their is a better way – (viz immediate Emancipation) of promoting the good of the African & Col. stands in its way – not so, for (1) the Col. Soc. is but a handful of men, & every Colonizationist is an abolitionist; & (2) (by Fisk) slaveholders who were so from principle, in 1816–17 opposed it.

Ms. B. 9. 1 (5)

Arguments in favor of Colonization urged at the same meeting by Hewitt & others.

(1) The old Colonization Society of wh. Moses was the President. (Hewitt)

(2) This scheme a great help to the Missionary Enterprise (Hewitt) the pilgrims by leaving England & colonizing this country confer a great blessing on America & we were now spreading the light of liberty over Engd; so it will be in this case. (Bacon)

(3) The only scheme that can put a stop to the slave trade. (Hewitt)

(4) The morals of the colonists are better than can be expected consid. the previous condn. (Bacon)

(5) The Anti-Slavery Excite. the results of the inf. of Colonizn principles = sparks thrown off by the centrifugal force of the great wheel.

(6) The Col. Soc. in attacking the abolitionists acts on the defensive (Fiske)

(7) Abolitionists were the Ultra men - on the wine question &c.
